

REMARKS

Applicant appreciates the Examiner's allowance of the application.

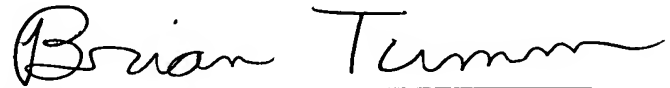

In the Amendment, Claims 1-21 have been amended to remove reference numerals and to provide proper antecedent basis for the housing segment and heating means recited in independent Claim 1. Further, informalities regarding antecedent basis are addressed in Claims 4-8, 17 and 18. None of the claim amendments are believed significant. Thus the above amendments present no new matter.

In a telephone interview on September 17, 2009, Examiner Sorkin expressly indicated that removing reference numerals from the claims is proper and does not present a new issue.

Applicant requests consideration and entry of the amendment, which addresses informalities in the claims.

Based upon the foregoing, Claims 1-21 remain in condition for allowance and entry of the amendment is respectfully requested.

Respectfully submitted,

Brian R. Tumm
